

POST SIGNAL OFFICE
FORT HUACHUCA, ARIZONA

11 February 1953,

Lieutenant Colonel John Clapper, Sig C
Operations & Plans Division
Office of the Chief Signal Officer
Washington 25, D.C.

Dear Colonel Clapper:

Under separate cover we are mailing today a full set of maps and other data concerning Fort Huachuca. It is exactly as you saw it here. The package is for the attention of Major Neilson.

In connection with your mission. I would like to suggest you see the pictorial brochure I sent to General Back four or five months ago. It tells a rather good story of the post. It is unfortunate we do not have the personnel or funds to run off another set for you. However, if you want any pictures let me know and we will do our best for you.

We have received a directive from OCSig O to make pictures of Signal activities, which we are doing now. Since time did not permit a visit to the entire Signal Section I will send you some of the more interesting shots. I hope you can make some use of them.

If conditions permit, we certainly would like to see you again and perhaps you can stay longer and see some of the area around Fort Huachuca. While I know your main interest is the post, I'm sure you would find a little interest in Bisbee, Warren, Lowell, Naco, Douglas and Nogales.

Colonel Dunne sends his regards.

Sincerely,

CHARLES S. BREEDING
Lt Colonel, Signal Corps
